[Announcer]: His mother lived to be 87, so Congressman Virgil Goode knows first hand the importance of social security and medicare.

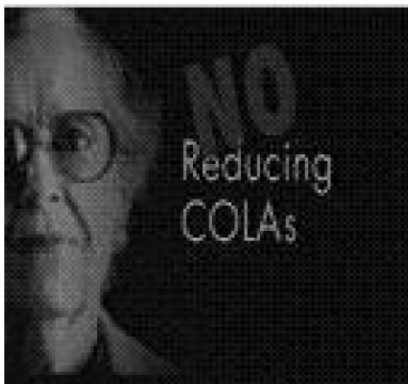

That's why he's on guard to protect our benefits, saying no

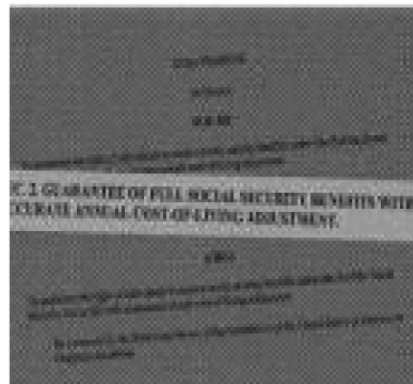

to raising the age of eligibility, saying no to any benefit cuts,

saying no to reducing cost of living adjustments. In fact,

Virgil Goode is a sponsor of the bill to guarantee in writing to every

senior the right to full and fair social security benefits

That's why we need Virgil Goode in Congress. [PFB: Virgil Goode for Congress]
